

HLZ[®] Bulk Feeder

Bulk Feeder for HLZ[®] Counting and Sorting Machine

Anker Andersen A/S offers a comprehensive selection of bulk feeders ranging from 250 liters (66 gallons) to 4 m³ (1057 gallons) in capacity.

All our bulk feeders are designed to ensure 24/7 operation, and are customized to seamlessly integrate with the specific HLZ[®] machine they are intended to serve.

The bulk feeder's operation is controlled by the "magic eye" of the HLZ[®] counting and sorting machine guaranteeing a smooth and efficient operation. Additionally, all bulk feeder versions are available in ergonomic designs for your convenience.
